

## **COLLABORATION SESSION**

Online collaborative session moderated by NCI Agency

14:00 – 14:10 CET **Introductions and Welcome Remarks**

Mr Kevin Scheid, General Manager

Representatives from NATO and NATO Nations will be welcome and introduced to the context of the MN5G Meeting, which aims at discussing multinational (MN) collaboration on 5G from the military perspective. The background of the discussion is provided on the prospective MN5G Leaflet that was circulated with the initial invite letter.

14:10 – 14:20 CET **Main Takeaways from the 5G Workshop Sessions**

Mr Luis Bastos

A short brief will be provided to the participants on the main findings and takeaways from the presentations and discussions held at the preceding Workshop sessions of the 5G event (7-8 Dec 2020), where NATO, Nations, Industry and Academia will have discussed military applications of 5G technologies and systems.

14:20 – 15:40 CET **Nations' Initial Views on MN5G – tour de table**

Mr Ludwig Descamps/Mr Eric Lièvre

All NATO and Nations' representatives will be requested to provide their initial views in a tour de table. Nations are invited to provide their views on the pertinence of MN collaboration on 5G topics given the context and business case provided on the MN5G Leaflet and the takeaways from the 5G Workshop sessions.

15:40 – 16:00 CET **Break (20')**

16:00 – 17:20 CET **Discussion with Nations – open floor**

Mr Eric Lièvre, Mr Levent Irkilmez, Mr Michal Olejarnik, Mr Luis Bastos

NCI Agency will host an open session to discuss the following topics: Nations' interest in MN5G, extension of MN5G to Non-NATO Nations, potential scope for MN5G work, challenges for MN5G, Any other business. Nations will be able to request to speak via a virtual hand-raising mechanism.

17:20 – 17:30 CET **Break (10')**

17:30 – 18:00 CET **Wrap-up and Next Steps**

Mr Eric Lièvre, Mr Antonio Calderon

Mr Lièvre will address the main findings of the discussion with the Nations and propose the next steps in terms of continuing the discussions and developing the MN collaboration project (if Nations manifest sufficient interest).

Mr Calderon will provide an overview of the next steps in technical innovation work to be conducted by the Agency in the context of its support and innovation activities.

Notes to participants:

1. All participants will be technically able to speak. However, for effectiveness, Nations are invited to coordinate via a separate channel (e.g., a side messaging channel) and to designate a primary speaker.
2. For any clarification, please contact Ms Tatjana Turkovic, [tatjana.turkovic@ncia.nato.int](mailto:tatjana.turkovic@ncia.nato.int) or +32 2 360 6131.
