

Notification of Intent to Request Quotations

Method: Basic Ordering Agreement Plus (BOA+)

Extension of OSG Mission Network to Non NATO Nation Maritime Operation Centre

NCI Agency Reference #: RFQ-115711-NNN-MOC

Estimated Amount: EUR 1,926,075.00

Solicitation Release Date: Anticipated on 30 September 2024

Solicitation Closing Date: Anticipated on 30 November 2024

Contract Award Date: Anticipated on 28 February 2025

Competition Type: BOA+ Lowest Priced Technically Compliant

The NCI Agency hereby notifies the NATO Nations of its intent to request quotations for the procurement of a new and fully accredited Network for sharing of up to NATO SECRET Releasable to Operation Sea Guardian (OSG) information with OSG Operational Partners. To that end, the NCI Agency is seeking to procure five (5) NNN MOC Points of Presence (POP) to facilitate exchange between OSG NNN and upgrade the Mission Anchor Function (MAF). The implementation of the NNN MOC consists of the design, assembly, connection, integration, testing and configuration of Commercial of The Shelf (COTS) components, into bespoke systems that are fit for purpose.

The list of prospective bidders is attached. Interested companies already holding an active Basic Ordering Agreement (BOA) with the NCI Agency may contact the point of contact below, to request inclusion on the list.

Neo eProcurement Registration

Attention Suppliers,

The NCI Agency is stepping into a new era of procurement. We have launched an eProcurement tool, Neo, to make our collaborations smoother, faster, and more transparent. If you are keen to do business with us, you will need to register in Neo. This tool will offer suppliers visibility into past, current and upcoming business opportunities, and streamlines the competition cycles, contract awards, and account management.

Subject : Notification of Intent to Request Quotations for Extension of OSG Mission

Network to Non NATO Nation Maritime Operation Centre

References :

A. AC/4-D/2261 (1996 Edition), NSIP Procedures for International Competitive Bidding

B. AC/4-D(2019)0004(INV), dated 4 July 2019, Procedure Governing the Use of Basic Ordering Agreements

C. NATO Investment Committee Decision Sheet, AC/4(PP)D/28134-ADD2 (INV)

- 1. In accordance with References A through C, the NCI Agency, as the Host Nation responsible to implement the project in subject, hereby gives notice of its intent (NOI) to issue a Request for Quotation (RFQ) for Extension of OSG Mission Network to Non NATO Nation Maritime Operation Centre, hereafter referred to as the "Project".
- **2.** A high-level summary of the Project's technical requirements is set forth in Annex A hereto. These requirements are being refined and will be included in further details as part of the RFQ.
- **3.** The reference for this Project is RFQ-115711-NNN-MOC, and all correspondence concerning this NOI and subsequent RFQ should reference this number.
- 4. The NCI Agency will use the Basic Ordering Agreement (BOA) Plus bidding procedures. Annex C attached to this letter contains a list of potential bidders which may be able to provide the products or services required for this Project. This list was compiled from companies already holding an active BOA with the NCI Agency.
- 5. In addition to the companies listed in Annex C, the BOA Plus procedures allow national authorities to nominate eligible bidders without an active BOA. Hence, qualified and certified companies interested in receiving the RFQ for this Project are hereby requested to provide a Declaration of Eligibility (DoE), sent by their Delegation/Mission to NATO to the NCI Agency contracting authority not later than 15 September 2024, which is 62 calendar days after the date of this letter.
 - a. In addition to the certification of the company's security clearances required under this NOI, the DoE should include the following information for each of the nominated companies:
 - Company name
 - Company address
 - Point of Contact (PoC)
 - PoC email address
 - PoC telephone number
 - b. This information is critical to enable prompt and accurate communication with

prospective bidders and should be sent electronically to RFQCO115711NNNMOC@ncia.nato.int.

- 6. In order to maximize competition the NCI Agency may, at its discretion, accept nominations after the deadline, so long as the RFQ has not been issued. The NCI Agency may even accept, at its discretion, nominations after the RFQ has been issued under the condition that such late nomination will not be used as the basis to request an extension to the bid closing date.
- 7. Requests for participation in this competition received directly from individual companies will not be considered, unless they hold a valid BOA with the NCI Agency.
- 8. Bidders will be required to declare a bid validity of 12 months from bid closing date. Should the selection and award procedure exceed the bid closing date by more than 12 months, companies will be requested to voluntarily extend the validity of their bids accordingly. Bidders may decline to do so, withdraw their bid and excuse themselves from the bidding process without penalty.
- **9.** National authorities are advised that the RFQ package is anticipated to be NATO UNCLASSIFIED. However, the RFQ and the contractual documents could contain references to other NATO documents classified as NATO SECRET.
- 10. The successful bidder will be required to handle and store classified information up to the level of NATO SECRET. In addition, contractor personnel will be required to work unescorted in Class II Security areas. Therefore, access can only be permitted to cleared individuals. Only companies maintaining such cleared facilities and the appropriate personnel clearances will be able to perform the resulting contract.
- 11. The NCI Agency reserves the right to cancel, suspend, or withdraw this NOI at its own discretion and at any time. The NCI Agency is not liable for any expenses incurred by companies in conjunction with their responses to this NOI and such responses shall not be regarded as a commitment of any kind concerning future procurement of the items or services described herein.
- **12.** Your assistance in this procurement is greatly appreciated.

For the Chief of Acquisition:

Ole Hubner Contracting Officer

Annex A – Summary of Requirements

Project No. 2022/0CM03052, CUR1940

1. Project Objective

This project "Provide Extension of Maritime Command (MARCOM) Operation Sea Guardian (OSG) Mission Network (MS) to Operational Partner Non NATO Nation (NNN) Maritime Operation Centres (MOCs), will provide five NNN MOC as an extension of the existing Mission Secret Network.

The five (5) NNN MOC kits, as requested should be delivered and stored in NATO facilities CIS Sustainment Support Centre (CSSC), until MARCOM will request delivery and installation of the kit to accurate location. This installation is out of the scope of the Statement of Work. All the tests will be executed in CSSC.

Additionally to five NNN MOCs this project should deliver in NATO facilities CSSC, the required network infrastructure and services in Mission Anchor Function (MAF) in Mons. MAF infrastructure will ensure that Service Monitor and Control (SMC) of the OSG MS network and services is performed between MARCOM HQ, MARCOM MOC, MARCOM LNO room, and five NNN MOC. MAF infrastructure will be also interoperable with NATO Cyber Security Centre (NCSC). This installation also is out of scope of the Statement of Work, and will be done by the purchaser during the implementation of this project.

2. Scope of Work

The project scope is to provide the five NNN MOCs Point of Presence (POP) and MAF infrastructure, and services, and to prove that the specific technical services can operate over this infrastructure. In addition, the Project will prove that Purchaser Furnished Equipment (PFE) can run over the above infrastructure and technical services. The contract scope is for the provision by the contractor of the following activities:

- Project Management
- System Design (including a First Article System Test in CSSC)
- Production Units and Integration
- Integrated Logistics Support
- Configuration Management
- Quality Assurance Testing and Acceptance
- Security Accreditation

3. Period of Performance

The Period of Performance is anticipated to start in Q2 2025 and end in Q3 2026. It is important to note that this timeline represents the anticipated duration of the Project, and adjustments may be made as per the requirements of the solicitation process and subsequent contractual agreement.

4. Warranty

The contract includes a warranty period of one (1) year after the Final System Acceptance (FSA).
