

**Notification of Intent - BOA Announcement***Method: Basic Ordering Agreement Plus (BOA+)***Tier 2 Tools and Security Systems Uplift- Amendment 1****NCI Agency Reference #: RFQ-CO-424358-TSSU**

Estimated Amount: 7.7 M Euro

NOI Closing Date: 31 July 2026

Solicitation Release Date: Anticipated on 1 September 2026

Solicitation Closing Date: Anticipated on 5 October 2026

Contract Award Date: Anticipated on 14 December 2026

Competition Type: BOA+ Best Value

The NCI Agency hereby notifies the NATO Nations of its intent to request quotations for the procurement of Tier 2 Tools and Security System Uplift services.

*****Neo eProcurement Registration*****

Attention Suppliers,

The NCI Agency is stepping into a new era of procurement. We have launched an eProcurement tool, Neo, to make our collaborations smoother, faster, and more transparent. If you are keen to do business with us, you will need to register in [Neo](#). This tool will offer suppliers visibility into past, current and upcoming business opportunities, and streamlines the competition cycles, contract awards, and account management.

1. Notice has been given through Reference E of the intent of the NCIA to request quotations for the subject Project.
2. Through the present Amendment No. 1 to the Notification of Intent, the following changes are presented:
 - 2.1. The NOI closing date, i.e. the required date for the national authorities to forward a list of their nominated firms has been extended to July 31st, 2026.
 - 2.2. The anticipated solicitation release date has been extended to September 1st, 2026.
 - 2.3. The anticipated solicitation closing date has been extended to October 5th 2025.
 - 2.4. The anticipated contract award date has been extended to December 20th 2026.
3. Attached herewith please find the Prospective Bidders list for the subject project which includes firms nominated by their Embassies/Delegations of origin, received as of the date of this letter. NATO delegations are encouraged to review the list for accuracy and to ensure that no omissions have been made. The final date for confirming the list or nominating new firms is July 31st, 2026.

If there are any modifications to this list requested by the National Authorities, a Final Bidders List will be issued as part of the RFQ package. Otherwise, the list attached to this letter should be regarded as Final Bidders List for the RFQ in subject.

4. The NCI Agency reserves the right to cancel, suspend, or withdraw this NOI at its own discretion and at any time. The NCI Agency is not liable for any expenses incurred by companies in conjunction with their responses to this NOI and such responses shall not be regarded as a commitment of any kind concerning future procurement of the items or services described herein.
5. Your assistance in this procurement is greatly appreciated.

For the Chief of Acquisition:

Leonora Alushani
Contracting Officer

Annexes:

- B. Distribution List
- C. List of Prospective Bidders

Annex A – Summary of Requirements

Project No. 0IS03204, CP 9C0120

1. Project Objective

Tier 2 Tools and Security Systems Uplift

Work includes design, hardware supply and implementation activities and allow for a re-design of current system capabilities based on industry best practice in the NCSC Tier 2 security systems environment.

This work package contains 5 subtasks related to Tier-2 systems in use by NCSC, replacing obsolete equipment in systems used for: Signature Distribution, Vulnerability Assessment Forensics Evidence Management, and Malware analysis as described in the table 2.1 below.

2. Scope of Work

There are five solutions to be delivered under the Tier 2 Tools and Security Systems Uplift:

ID	Solution	Short Name / Product ID
1.4.1	Antivirus and Antimalware Signature Distribution	AV
1.4.2	On-site Vulnerability Assessment and Penetration Testing	VA
1.4.3	Security Settings and Development Tools	SSDT
1.4.4	Forensics Evidence Management System	FEM
1.4.5	Malware Analysis System	MA

Detailed requirements for each ID will be provided later in the procurement process.

- This project will be managed using the Agile methodology and the overall Period of Performance shall not exceed EDC + 2 years
